Scholar   All articles - Recent articles Results **1 - 10** of about **2,570** for query parallel thread schedule operator dependent OR dependent. (0.14 seconds)

Prototyping DBS3, a shared-memory **parallel** database system

B Bergsten, M Couprie, P Valduriez - **Parallel** and Distributed Information Systems, 1991., ..., 1991 - ieeexplore.ieee.org

... Thus, we consider only intra-**query** parallelism in this ... control is needed within a

parallel transaction. ... **operator** instances may be supported by a single **thread**. ...
